## MARTIFER SOLAR ITALY ADDS 7 MW TO ITS ITALIAN O&M PORTFOLIO

- Martifer Solar has signed a new O&M contract of 7 MW to supervise and provide O&M services for the company Garnell in Italy
- The 8 PV plants were installed in rooftops and are located in the North East region of the country

Martifer Solar, a subsidiary of Martifer SGPS, has added 8 PV rooftop plants in a total of 7 MW of new third party O&M contracts to its portfolio in Italy. The plants are located in the North East of Italy and are being supervised and provided O&M Services for the company Garnell.

With this new contract, Martifer Solar has achieved a track record of approximately 175 MW in O&M Service in Italy. Operating in more than 20 countries around the world, the company provides its clients a complete O&M service to maximize the performance ratio of its PV installations, providing reference quality services.

“We are proud Garnell decided to entrust us the management of these new plants. This is the proof our clients rely on us and recognize our experience and know-how. For Martifer Solar Italy this is a new challenge and we are sure this would be just one first step ahead for a long-lasting relationship with this important customer”, states Mr. Valerio Senatore, Branch Manager of Martifer Solar.

José María Guinea, O&M Director of Martifer Solar Europe, said, “This is very important milestone for our company, with these new contracts with such important partner as Garnell, we enhance our presence in Italy continuing in our sustainable growth in Europe”.

Recently awarded with the INTEGRATED O&M SOLAR ASSET MANAGEMENT AWARD, from the Solar Industry Awards 2015, the O&M Service counts with a committed, capable and specialized team.

“This new contract means another important step towards the goal of duplicate our O&M portfolio in this business and is in line with our future global strategy of providing O&M Services worldwide”, said Henrique Rodrigues, CEO of Martifer Solar.

### ABOUT MARTIFER SOLAR

Martifer Solar is a fully integrated player in the global PV market, focused on the development of photovoltaic projects, EPC and O&M services.

The company is based in Portugal and has presence in Europe (Spain, Italy, Belgium, France, Czech Republic, Slovakia, UK, Romania and Ukraine), North America and Latin America (Canada, Mexico, El Salvador, Chile and Brazil), Africa (Mozambique and South Africa) and Asia (India, UAE, Singapore and Japan).

The company has implemented more than 670 MW of photovoltaic energy worldwide, and manages more than 600MW in O&M Service.

Martifer Solar is part of the Martifer Group, a multinational industrial group with about 3,000 employees focused on metallic constructions and solar energy. Martifer SGPS, SA is the parent company of the Group and is listed on Euronext Lisbon since June 2007.
