Oliveira de Frades, June 9, 2015

MARTIFER SOLAR PRESENTS THE MPRIME TRADING PLATFORM

- MPrime, a subsidiary of Martifer Solar, has announced a simple, fast and reliable trading B2B platform, developed specifically and only for professionals;

MPrime is the photovoltaic equipment distribution brand of Martifer Solar, a subsidiary of Martifer SGPS, which will provide a wide range of photovoltaic modules, kits, components together with procurement services for EPC and is mostly focused on meeting the clients' needs throughout the world.

On 8th of June, Mprime announced an innovative trading platform, developed for professionals only, based on simple, fast and reliable utilization concepts.

The principal advantages of this innovative platform are:

- check the most updated prices of the market,
- compare and get the best deals easily,
- take care of the contract, with no fees or extra costs,
- invoice sent directly from supplier to the applicant,
- supplier sends the product directly to the applicant.

Bernardo Mota Veiga, Managing Director of Martifer Solar – Distribution & Trading, added: “Mprime intends to offer to the market all the Group know-how and expertise in negotiating PV components worldwide. We have been working for the last 18 months in this project and we are proud to have on board the most reliable brands and we are confident that we will offer an innovative and secure way for doing business from small installers to the big EPC contractors. Being side by side with major manufacturers we can provide the scale to supplier and buyer, reduce the prices and to move towards grid parity”.

With this new concept, Martifer Solar’s brand MPrime intends to be one step ahead on the distribution business.

Henrique Rodrigues, CEO of Martifer Solar, said, “We are proud to demonstrate yet another success as a result of our hard work and investment on this innovative platform. Martifer Solar continues to show its commitment to be one step ahead on solar business on a global level. The experience we have gained on distribution with MPrime on the latest years was vital to develop this dedicated platform for the professionals, which can access it on the web, everywhere at any time.”

ABOUT MARTIFER SOLAR

Martifer Solar is a fully integrated player in the global PV market, focused on the development of photovoltaic projects, EPC and O&M services.

The company is based in Portugal and has presence in Europe (Spain, Italy, Greece, Belgium, France, Czech Republic, Slovakia, UK, Germany, Romania and Ukraine), North America and Latin America (US, Canada, Mexico, El Salvador, Chile, Brazil and Ecuador), Africa (Cape Verde, Mozambique and South Africa) and Asia (India, UAE, Singapore and Japan).

The company has implemented more than 670 MW of photovoltaic energy worldwide.

Martifer Solar is part of the Martifer Group, a multinational industrial group with about 3,000 employees focused on metallic constructions and solar energy. Martifer SGPS, SA is the parent company of the Group and is listed on Euronext Lisbon since June 2007.
