With the support of internal and external resources, you will be in charge of leading the development of these projects until construction launch/financial close.

Essential duties and responsibilities of this position include:

- Establish and maintain relationship with the clients
- Understand clients requirements, constraints, opportunities at all levels (technical, financial, ...)
- Manage clients and projects development contracts
- Manage Internal project team to prepare offers and develop projects
- Responsible for the offers
- Responsible for project development until financial close
- Carry out KYC

QUALIFICATIONS :

- Business school graduate with experience and interest for highly technical subjects
- Or Engineering school graduate with experience and interest for commercial and financial subjects
- 5 to 10 years of experience
- Experience and/or Knowhow in thermal energy, energy storage, Renewable Energy
- Experience and/or knowhow in utilities, energy intensive industries and/or mines
- Complex project management experience

• SOLAR • WIND • HYDRO • BIOMASS •

At Voltalia we are passionate about **renewable energies!** We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution.**

Today we are in **18 countries, split among 4 continents,** and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

If you share our ambition and our passion for renewable energies, Voltalia has a career for you!
