Asset Owner – CDI

Our France Development Business Line is looking for an Asset Owner. The main mission of this position is to manage the value creation of power plants (hydro / wind / solar) under construction and operation.

You will be responsible for the following tasks:

- Responsible for power plants (wind, solar, hydro, biomass, storage) located in metropolitan France, in support of development teams. The transfer of responsibility, which is usually in the pre-construction phase shortly after becoming an Investment Committee, is formally notified.
- Ensure that the plants are financed, constructed, operated and administered in accordance with the most recent Investment Proposal and the decisions taken in the annual plant reviews.
- Since these tasks are performed by ASIF, EPC, O & M and Finance respectively, regularly check the performance of each of these teams.
- Have a global vision of the plants. Provide the interface between ASIF / EPC / O & M / Finance, but also more occasionally other teams such as Development (finalization of development, local disputes ...), COE (production studies), Communication (press releases), HSE (alerts security), etc.
- Responsible for detecting any topics not already covered by ASIF, EPC, O & M, Finance or any other entity of Voltalia, including technical, financial, tax, insurance, relational, security, regulatory, etc.
- Detect inconsistencies in the interface or unaccounted for topics and remedy by acting other teams, possibly involving his hierarchy.
- Conduct a follow-up meeting during the financing / construction period and the annual review during the operating period, in order to coordinate ASIF /

At Voltalia we are passionate about **renewable energies!** We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution.**

Today we are in **18 countries, split among 4 continents**, and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

Do you have the energy we need ?
