### BUSINESS DEVELOPER – POWER SALES (M/F)

Our **Development Business Line** is looking for a **Business Developer – Power Sales** who will have the following responsibilities:

- Establish the strategy and set up an action plan to generate new contacts and incoming requests;
- Manage and process incoming requests from prospects or customers: RfI, RFQ and private or public tenders;
- Establish the first contacts with prospects / customers and definition of their needs;
- Establish agreements with third parties;
- Customer and third-party quality verification (KYC - KYTP);
- Ensure the answers to the customer requests in close collaboration with the internal teams;
- Lead the origination of PPAs (both offsite and onsite), prepare commercial and technical offers; lead the commercial negotiations and securing PPAs for each project;
- Participate in defining the strategy for valuing electricity produced outside the Regulated Purchasing Tariff (PPPs, Compensation Supplements or others);
- Monitor the evolution of the market in terms of consumers, services, offer structure;
- Define the necessary corrective actions after the analysis of the KPIs: adjustment of the typologies of prospects or targeted sectors of activity, modification of the offers.
