Health and Safety Technician (F/M)

Our Construction team in Kenya is looking for a H & S Technician who will be responsible to plan and implement the Occupational Health and Safety activities on Site, regarding the following issues:

- Plan the H&S activities, defining the measures required
- Verify with local authorities the conformity
- Verify the existence and validity of the mandatory H&S documentation
- Promote the Health and Safety culture
- Put in place the defined Collective Protections
- Distribute and verify the use of Protective Equipment
- Perform internal H&S inspections and audits
- Collect and report the data needed for the H&S KPIs
- Provide First-aid assistance in case of accident;
- Participate in emergency and fire-fighting teams

Qualifications:

- Bachelor's degree;
- 2 to 5 years of working experience in a relevant role
- OHS specific trainings, as H&S Techniques, First-aid, Fire-fighting;
- Fluent in English and Swahili

Personal skills:

- Used to work with international, multi-cultural teams;
- Good communication skills
- Resilient under stressful conditions and adverse environmental
- Creative problem solving for critical projects/ on site crisis situations;
- Very good planning skills
