Environmental & Social Compliance Officer (M/F)

Reporting directly to the Group Sustainability Manager, your main responsibilities will be to:

- Define Environmental and Social due diligence deliverables, serving in roles ranging from technical expert to quality review
- Manage and update Voltalia's Environmental and Social Management System (ESMS)
- Write and edit environmental and social impact assessments (ESIAs) and associated management plans in compliance with international standards (e.g., IFC Performance Standards, EBRD performance requirements, Equator Principles) as well as country-specific requirements
- Provide support to prepare Voltalia's external E&S reports required by financing partners
- Collaborate with other teams (development, HSE, compliance, HR) to prepare project specific documentation

QUALIFICATIONS

- Minimum 4 years of relevant experience on Environmental and Social assessment (international consultancy or private sector)
- Excellent knowledge of international best practice standards (e.g., IFC Performance Standards, EBRD performance requirements, Equator Principles) as well as country-specific requirements
- Experience recording/writing detailed technical data and reports
- The candidate should have experience in developing direct reports for technical E&S advisors and DFIs
- Master's degree in engineering or Business school diploma. Degree in Environmental Sciences, environmental engineering or environmental planning would be a plus
- Fluent/native English speaker with good French proficiency. Portuguese would be a plus

KEY SKILLS

- Team player, analytical and systematic thinking, problem solver
- Ability to multi-task, maintain flexibility, travel, and work in autonomy
- Capacity to work and thrive in a growing, fast-paced entrepreneurial organization with a collaborative environment

• SOLAR • WIND • HYDRO • BIOMASS •

At Voltalia we are passionate about **renewable energies!** We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution.**

Today we are in **18 countries, split among 4 continents**, and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

Do you have the energy we need ?
